

Mid-level - UI - UX designer (Artificial Intelligence) – Sydney, Australia

Role Details

As part of a small, tight-knit product development team, you will have the opportunity to design, develop and maintain Flamingo Ai's Software User Interface and Experience. You will be responsible for collecting user requirements and providing context of how your solution design will improve user experience and accelerate user engagement. You will develop Interaction Designs Diagrams, User Journeys, User Interface Designs (Wireframes), User Interface Design Specification, as well as support the writing of user stories and acceptance criteria.

As a new member of the Flamingo "Flamboyance" you will have the opportunity to take part in our employee stock ownership plan.

About Flamingo Ai

Flamingo Ai (ASX: FGO) is an Australian start-up developing a unique Cognitive Virtual Assistant based on its Artificial Intelligence and Machine learning technology. This is a unique opportunity to join a high profile young Ai company and play a significant role in the company's growth and performance. We call ourselves the "Flambos". We thrive through our fast-paced, high-intensity environment, but also are all about team work, work-life balance and fun!

The Company is based in Sydney (AU) and Hartford (USA).

Key Responsibilities

- Know how to use the Flamingo Ai software inside out
- Collect user requirements
- Maintain performant and consistent User Experience across Flamingo Ai's Software
- Develop data-driven User Engagement framework and strategy
- Design User experience across all communication channels
- Maintain Flamingo Ai's brand performance within the Ai's Software

Essential Experience

- 3 years+ Application design
- Chat, Chatbot and messaging application design
- User Experience and User Interface guidelines development
- Clients and End-Users feedback session management (face-to-face)
- Data-driven UX
- Designing tools (Material design, Sketch, in-Vision)

Soft skills

- Great communication & interpersonal skills
- Autonomous and confident worker
- Team player

Brownie points

- SaaS startup
- Atlassian suite
- HTML5 - CSS
- Agile methodology
- Atlassian Suite products

Sounds like something you'd love to sink your teeth into?

We look forward to hearing from you, send us your CV & details today to careers@flamingo.ai
