For a complete list of the functions reserved to the Board and a copy of the Board's charter, please refer to the Corporate Governance section of the Company's website.

Due to the size of the Board and the stage of the Company's operations, the Board has opted not to establish an Audit and Risk Committee or a Remuneration or Nomination Committee. These duties and responsibilities are discharged by the full Board, in accordance with the Audit and Risk Committee and Remuneration and Nomination Committee Charters that have been adopted by the Board.

Refer to the Corporate Governance section of the Company's website for a copy of the Committee charters.

Responsibilities of Senior Executives

The responsibility for the day to day operation and administration of the Company, in accordance with the direction of the Board, is delegated by the Board to the CEO and the executive team. The Board ensures that this team is appropriately qualified and experienced to carry out their responsibilities and has in place procedures to assess the performance of the CEO and the executive team.

Performance evaluation of Board and Senior Executives

The Board has adopted a policy for evaluating the performance of the Board and Directors, a copy of which is available on its website. The Board conducted an informal evaluation of the Board, its Directors and senior management in the reporting period.

The Board is responsible for an annual evaluation of the CEO, to be coordinated by the Chairman. The CEO's performance objectives will be equivalent to the Company's performance objectives and will be set by the Board based on qualitative and quantitative measures. The CEO's performance against these objectives will then be reviewed annually by the Board and reflected in the CEO's remuneration structure.

For further information regarding the Company's Performance Evaluation Policy please refer to the Corporate Governance section of the Company's website.

Structure of the Board and Skills Matrix

To ensure the Board is well equipped to discharge its responsibilities it has established guidelines for the nomination, selection, induction and ongoing professional development of Directors. These guidelines include a requirement to undertake appropriate background checks prior to the appointment of a person as a Director, including but not limited to undertaking police and solvency checks, a formal induction program to enable new Directors to build their knowledge and make an effective contribution in a timely manner, and the provision of appropriate professional development opportunities for Directors to develop and maintain the skills and knowledge needed to perform their roles as Directors effectively.

The Directors in office and the term of their appointment at the date of this Corporate Governance Statement are:

The composition of the Board will be reviewed regularly by the Board to ensure that the Directors between them bring the range of skills, knowledge and experience necessary to direct the Company's operations. The Board has developed a skills matrix considered suitable for the Company at its current stage and into the future, taking into account its current strategy, operations and expectations for changes in the nature and scope of its activities. The Board skills matrix identifies a mix of areas the Board should collectively hold across its membership, including experience in the financial services and insurance industry, legal industry, software and other technology, finance and executive management. The Board is satisfied that the identified skills are well represented in the current Board.

The Company Secretary is accountable directly to the Board, through the Chairman, on all matters to do with the proper functioning of the Board. All Directors have unfettered access to the Company Secretary. In addition, Directors are entitled, in furtherance of their duties, to seek independent professional advice at the Company's expense.

Independence

Recommendation 2.4 requires a majority of the Board to be independent Directors. The ASX guidance on factors relevant to an assessment of independence includes interests, positions, associations or relationships which might interfere with, or reasonably be seen to interfere with, a director's capacity to bring independent judgement to bear on issues before the Board and to act in the best interests of the entity and its security holders generally. In accordance with this guidance, and for the reasons set out below, two directors are considered to be independent.

Ms Catriona Wallace, is a director of the Company and a substantial shareholder. The Board is of the opinion that Ms Wallace's association with these entities compromises her independence. However, the Board is of the view that she can and does make independent decisions in the best interests of the Company and its security holders.

Mr Peter Lloyd, Non-Executive Director, was appointed on 10 April 2018 and the Board considers Mr Lloyd to be an independent director who is able to make independent decisions in the best interests of the Company and its security holders.

Mr John Murray, Non-executive Director and Chair, was appointed on 1 October 2018 and the Board considers that Mr Murray to be an independent director who is able to make independent decisions in the best interests of the Company and its security holders.

Nomination and Remuneration Committee

The Board has adopted a Nomination and Remuneration Committee Charter however at this stage has not established a Nomination or Remuneration Committee and the full Board currently undertakes the responsibilities for determining and reviewing compensation arrangements for the Directors and senior executives and ensuring that the Board continues to operate within the established guidelines, including when necessary, selecting candidates for the position of Director. For further details regarding the procedure for the nomination, selection and appointment of new Directors and re-election of incumbents, as well as a copy of the Nomination and Remuneration Committee Charter, please refer to the Corporate Governance section of the Company's website.

For further details on the remuneration policy of the Company, including a description of the structure of Non-executive Directors' remuneration and CEO/Director and senior executives' remuneration, see the Directors' Report of this Annual Report.

The Company has established a Performance Rights Plan pursuant to which the Company may offer long term equity incentive rights to Directors and employees. The rights are usually issued for nil consideration and typically only vest under certain conditions. The performance rights cannot be transferred without the approval of the Company's Board and are not quoted on the ASX. Holders may not enter into any transaction designed to remove the "at risk" aspect of a performance right before it is exercised.

The Company acknowledges that the guidelines to ASX Principle 8.2 recommend that Non-executive Directors do not receive equity incentives with performance hurdles attached. However, in the Company's current circumstances, the Directors consider rights to be a cost effective and efficient means for the Company to provide a reward and incentive, as opposed to alternative forms of incentive, such as the payment of additional cash consideration that would be necessary for someone with the experience of the Directors, and may from time to time resolve to issue performance rights to Non-executive Directors, including with performance hurdles, subject to regulatory and shareholder approval.

There is no scheme to provide retirement benefits (other than superannuation) for Non-executive Directors.

For additional details please refer to the Corporate Governance section of the Company's website.

Audit Committee

The Board has adopted an Audit Committee Charter however given the current size of the Board, a separate Audit Committee has not been established and the full Board currently undertakes the responsibility to ensure that an effective internal control framework exists within the entity. This includes internal controls to deal with both the effectiveness and efficiency of significant business processes such as the safeguarding of assets, the maintenance of proper accounting records and the reliability of financial information, as well as non-financial considerations including the benchmarking of operational key performance indicators. The Board is also responsible for the nomination of the external auditor and reviewing the adequacy of the scope and quality of the annual statutory audit and half year audit review.

For further details regarding the procedures for selection, appointment and rotation of external audit partners, as well as a copy of the Audit Committee's Charter, please refer to the Corporate Governance section of the Company's website.

Communication with Shareholders

Pursuant to Principle 6, the Board aims to ensure that the shareholders are provided with full and timely information about the Company's activities. To promote effective communication with shareholders, the Company has designed a Shareholder Communication Strategy. Information is communicated to the shareholders through, among other ways:

- the Annual Report which is made available to all shareholders;
- announcements made through the ASX companies announcements platform;
- the Company's website which has a dedicated Announcements section for the purpose of publishing all important Company information and relevant announcements made to the market; and
- the annual general meeting and any other meetings called to obtain approval for Board action as appropriate.

In addition, shareholders are encouraged to make their views known or to seek clarification on information available in the public arena by contacting the Company (including the Company's share registry, which facilitates electronic correspondence) or attending the annual general meeting. The external auditors also attend, and are available to answer queries on the preparation and content of the independent Audit Report, the accounting policies adopted by the Company in relation to the preparation of accounts and the independence of the Auditor in relation to the conduct of the audit at the Company's annual general meetings.

For further information regarding the Company's Shareholder Communication Policy please refer to the Corporate Governance section of the Company's website.

Diversity Policy

The Board is committed to promoting equality and diversity in the workplace and aims to be an organisation where diversity is valued, respected and celebrated. All decisions relating to employees will be based strictly on merit, without regard to gender, ethnicity, age, relationship status or any other irrelevant factor not applicable to the position.

Pursuant to Recommendation 1.5, the Company has established a Diversity Policy. However due to the small size of the organisation and its current stage of operations, the introduction of specific measurable objectives at this stage has not been implemented. The Company currently has 17 employees of which 6 are women (35%), with one woman in senior executive position and one woman on the Board of Directors out of a total of three.

Whilst the Board strongly endorses the concept of gender diversity, until the Company's human resource base has grown to a point where fully implementing specific measurable objectives will become more meaningful, the Company will, in accordance with its Diversity Policy, continue to recruit the best person for each role, regardless of gender, ethnicity, age, relationship status or any other irrelevant factor not applicable to the position.

Share Trading

The Constitution of the Company permits Directors and officers to acquire shares in the Company.

In accordance with the provisions of the Corporations Act and the Listing Rules, Directors must advise the Company and the ASX of any transactions they conduct in securities of the Company.

The Company has established a Securities Trading Policy concerning trading in the Company's securities by Directors and employees. This policy provides a brief summary of the law on insider trading and other relevant laws, sets out the restrictions on dealing in securities by people who work for or who are associated with the Company, and is intended to assist in maintaining market confidence in the integrity of dealings in the Company's securities.

The policy stipulates that the only appropriate time for a Director or employee to deal in the Company's securities is when he or she is not in possession of 'price sensitive information' that is not generally available to the share market. A Director wishing to deal in the Company's securities may only do so after first having received approval from the Chairman. All staff wishing to deal must obtain approval from the Managing Director.

Trading in the Company's securities is also subject to specified blackout periods, which are set out in the Company's Trading Policy or as otherwise determined by the Board from time to time.

The Company prohibits Directors and employees from entering into transactions in associated products which limit the economic risk of participating in unvested entitlements under any equity-based remuneration schemes.

A copy of the Company's Trading Policy is available in the Corporate Governance section of the Company's website.

Integrity of Financial Reporting and Risk Management Policies

The Board has primary responsibility to ensure that the Company presents and publishes accounts which present a true and fair view of its results and financial position and that the accounting methods adopted are appropriate to the Company and consistently applied in accordance with relevant accounting standards and the applicable laws.

Under section 295A of the *Corporations Act*, the Managing Director/CEO and the person who performs the Chief Financial Officer function are each required to provide a written statement to the Board that the Company's annual financial report presents a true and fair view, in all material respects, of the Company's financial condition and operational results and that it is in accordance with the relevant accounting standards. Recommendation 4.2 extends this requirement such that it applies to financial statements for any financial period and that the Managing Director and the person who performs the Chief Financial Officer function must also confirm that this statement is founded on a sound system of risk management and internal compliance which implements the policies adopted by the Board and that the Company's risk management and internal compliance and control system is operating effectively in all material respects. The company has received the aforementioned written statement from the CEO and CFO for the reporting period.

Due to the size of the Company and its current level of activity and operations, the Company does not have a formal internal audit function. Periodically, internal reviews of the Company's financial systems, documents and processes will be undertaken and any recommendation for improvement reported to the Board.

The new Board is committed to the management of risks throughout its operations to protect all of its stakeholders. Risk management is carried out through the full Board as mentioned above.

The Company's Risk Management Policy deals with the management and oversight of material business risks and provides the guiding principle for management in the identification of risks across the organisation as a whole, and within individual business units. The Company reviews the its risk management framework on an ongoing basis and is satisfied that it continues to be sound with the Company operating within the risk appetite set by the Board.

The Board has formed the view that the Company does not currently have any material exposure to economic, environmental or social sustainability risks.

For a summary of the Company's Risk Management Policy, please refer to the Corporate Policies section of the Company's website.

Code of Conduct and Continuous Disclosure Policy

The Company has a Code of Conduct and Continuous Disclosure Policy, which can be found in the Corporate Governance section of the Company's website. The Company's Continuous Disclosure Policy facilitates compliance with the ASX continuous disclosure requirements.
